Subject: The Vegan Cheese Course is here!

Hi {First Name},

Why did we create a vegan cheese course? To help people like you.

Vegans don't have to miss out on cheese. And we can easily make it in our very own kitchen.

Melty cheddar in grilled cheese • Flavorful feta sprinkled on top of a salad •
Goopy nacho cheese sauce • Shreddable and meltable mozzarella for pizza

You can make all the dishes and midnight snacks you crave—but without the dairy. Plus, you can use simple, healthy ingredients to do it.

How does it work? The Vegan Cheese Course includes:

- 5 modules covering different types of cheese
- video tutorials that walk you through each step
- written instructions that you can save or print
- our vegan cheese ebook with 15 delicious recipes
- access to our vegan cheese online community

After the course, you'll be able to create recipes like cheese boards and chili cheese dogs. Your dairy-loving friends and family won't even guess the recipes are vegan.

Together we'll become expert cheese-makers. You'll join hundreds of others who've learned how **easy and delicious** vegan cheese can be.

Ready to get cooking? Enroll by **July 30** to get in on the cheesiness.

Hope you'll join us, {First Name}!
